Discover, Learn & Grow with Us!

We believe that each child is God's unique creation with an individual pattern and timing of growth.

We maintain a safe and nurturing environment for the freedom of discovery, creation, exploration and surprise.

We present learning experiences that stimulate physical, social, emotional, spiritual and cognitive development in a Christian environment.

We promote the development of responsibility and a positive self-concept.

Our Philosophy

We recognize the crucial importance of children's experiences during early childhood. Positive and supportive relationships during the earliest years are essential for healthy emotional development, cognitive development, and social attachment. We believe that all areas of a child's development—physical, social, emotional, spiritual and cognitive are interrelated and equal in importance, and that play is the best vehicle for discovery and growth.

Our curriculum provides for kindergarten readiness and, at the same time, we believe that childhood is a journey not a race.

Preschool Staff

We are committed to developing and implementing a program that serves the children in our care. Our staff is composed of professionals who are trained in Early Childhood Education. Each teacher is experienced in working with young children and meets or exceeds the guidelines of the Department of Social Services.

Registration

2012-2013 school year registration begins on January 3, 2012 for students currently enrolled in WCPC Weekday Preschool, MMO or MOPS and for WCPC members. Registration is open to everyone on January 17, 2012.

Early Childhood Education

We strive to maintain a good balance between child-initiated play activities and teacher-directed learning activities. It is our goal to stimulate independent thinking and to give each child many opportunities for experimentation and problem solving.

Sample Daily Schedule

We offer a balanced program that has continuity and flexibility in meeting the individual needs of young children.
